

Monaco Gem Lab

Laboratory for Gemological Analysis and Identification

PRIVATE RATES

2026

GENERAL TERMS OF SERVICE

All our services are quoted in euros, VAT included, and must be paid upon return of the analysis results.

The average processing time for samples is generally one week, depending on the type of analysis requested and the availability of the instruments.

SPECIFIC CONDITIONS FOR MOUNTED GEMSTONES

To ensure the accuracy of analyses and the reliability of grading, diamonds and colored gemstones must be unmounted (not set) and clean prior to any examination.

If the stone is mounted, the laboratory can handle the unmounting and remounting of the jewelry, upon request, at a cost of €80 VAT included.

A professional cleaning of the jewelry can also be performed before analysis, at a cost of €40 VAT included.
